NEW RIDE HAS BITE!

BE afraid. Be very afraid! A collaboration between Theming and Animatronic Industries of Spain and ABC Rides of Switzerland has resulted in a 'fangtastic' new attraction – the Dracula dark ride. The ride was first seen at the recent EAS show in Germany. Over a total 250m track length, passengers will encounter 13 scenes including the pre-show. A variety of state-of-the-art animatronics, light, sound and special effects await them as they enter Dracula's castle. It will feature 12 cars each for six persons and give an hourly capacity of around 745 persons.
